

The Remedy Match Practitioner Program

Practice-grade pricing on the same individualized Functional Formulations you already trust, to dispense in your practice or drop-ship to patients.

Your pricing

- **Approved Practitioner:** \$50 per bottle wholesale (SRP \$79.97, MAP \$69.97), dropping to \$40 at volume.
- No minimum order. Mix and match across all 150+ formulations.
- The order re-prices as it fills, so a larger order costs less per bottle automatically.
- Fulfillment in 1 to 2 days; USPS 3 to 5 days nationwide.

Certification lowers your floor

Twelve modules, one per five-fold dimension of healing. Each module you complete drops your wholesale floor \$1.25 a bottle. All twelve take your best case from \$40 to \$25, a \$15 saving on every bottle at volume once certified. Submit your work from the Training tab of your portal.

Serve patients your way

- **Drop-ship:** patients order at retail, shipped direct from Remedy Match, and you earn \$20 a bottle in Wellness Credit.
- **Dispense:** order at wholesale and provide formulations in your practice.
- **Patient pricing:** you set how much of the wholesale depth to pass through, per patient or per program.

Referrals

Share your personal link. When someone you refer buys, store credit is applied to your account automatically.
