

Remedy Match · Healing Oasis

Practitioner Partnership Program

Dispense healing-first remedies a decade in development, with no inventory required, an AI care team that works for you around the clock, and a partnership that rewards the healing you pass forward.

\$79.97

Suggested retail per bottle

from **\$25**

Your wholesale cost per bottle

up to **69%**

Margin on every bottle you dispense

up to **20%**

Recurring referral commission

What You Receive

Four ways this partnership pays you back

You already do the hard part: earning trust and guiding people toward getting well. This partnership supplies everything around it.

Wholesale pricing

As low as \$25 on a bottle that retails online at \$69.97 minimum advertised price. Per-bottle margin that grows as you dispense more and as you certify.

Sales support

A done-for-you AI care team: personal client portals, an always-on assistant in your name, and drop-ship fulfillment.

Certification

The Accelerated Self Healing™ Certification: 12 modules that raise your authority and lower your wholesale floor.

Commission

A two-level referral program paying recurring income on remedies and memberships, plus a modest mentoring override.

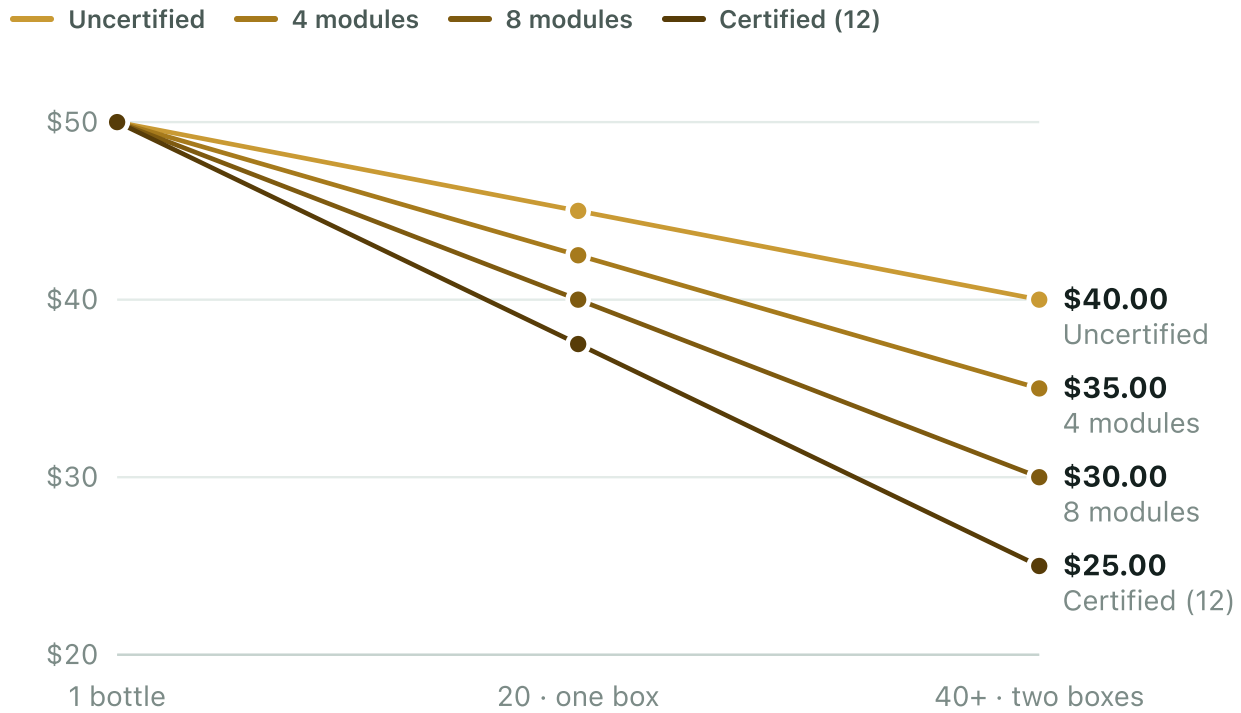

1 • Wholesale Pricing

The more you dispense, the more every bottle earns

Your price starts at \$50 for a single bottle and drops with order size and certification. The whole order re-prices as it fills, so volume and shipping economics improve together.

Your wholesale price per bottle

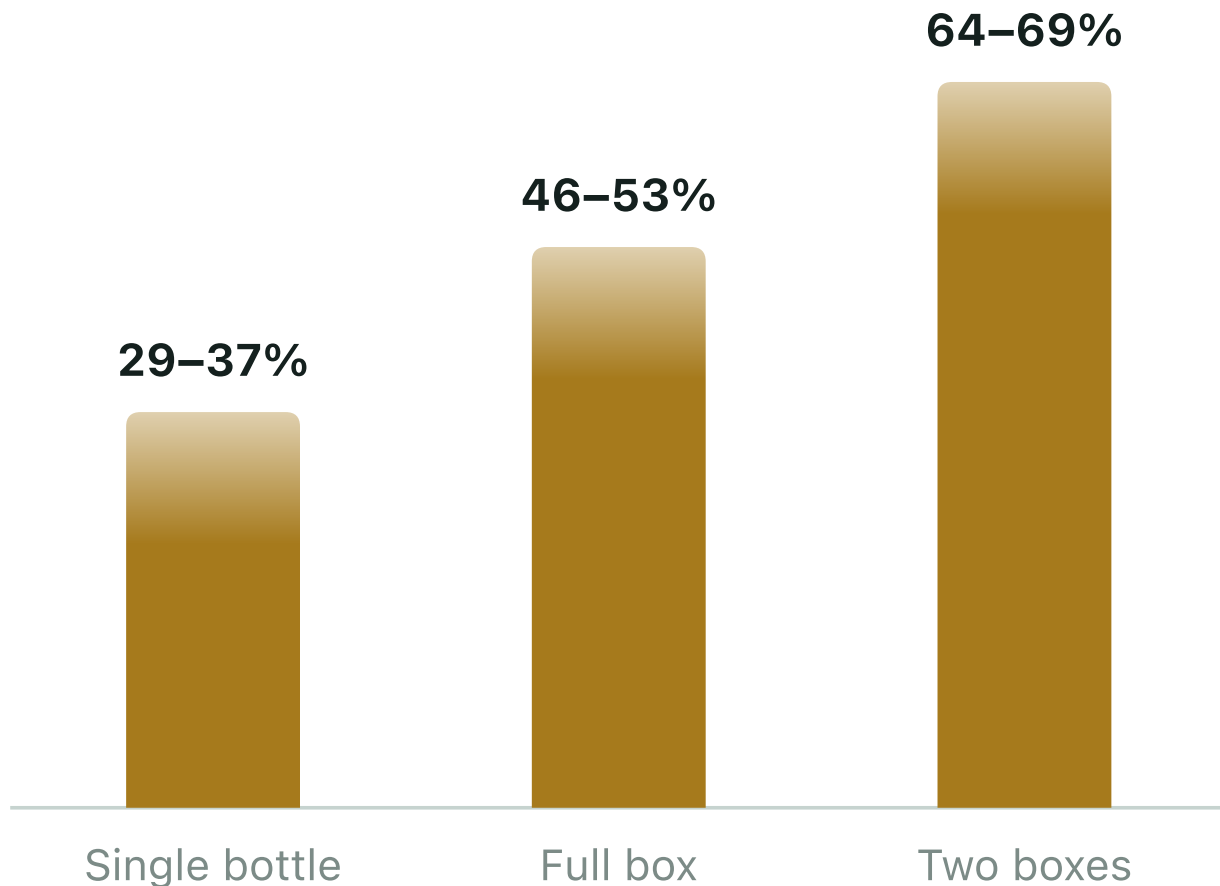

Blended per-bottle cost by order size, at four certification levels

What you keep, certified

Your margin per bottle across the \$69.97–\$79.97 online retail range

■ at \$69.97 MAP ■ up to \$79.97

Certification pays for itself. Every module lowers your floor by \$1.25 a bottle. All twelve take your best case from \$40 to \$25, a \$15 swing on every bottle at volume, recovered in a single reorder.

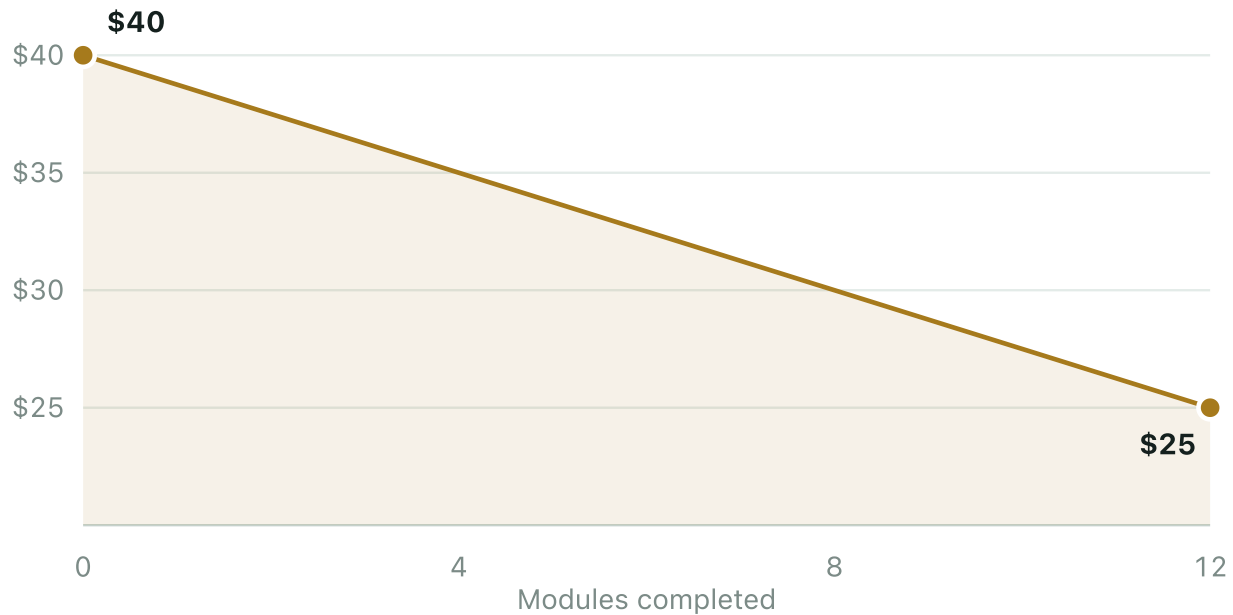

Your margin is protected. Suggested retail is \$79.97 a bottle, and the minimum advertised price is \$69.97. No one, including us, advertises below \$69.97, so you are never undercut and your clients see consistent pricing.

Accelerated Self Healing™ Certification

Dr. Glen Swartwout's twelve-module curriculum, his Clinical Theory of Everything organized as twelve five-fold dimensions of healing. It expands your clinical vision and lowers your cost with every module you finish.

Your wholesale floor drops with every module

Best-case per-bottle price by modules completed

Two wins at once

Certification raises your authority **and** lowers your cost of goods. Each module completed subtracts \$1.25 from your per-bottle floor, so training you would value anyway also pays you back on every reorder.

It also gives you a shared language with the AI care team, which reads the same twelve dimensions when it guides your clients between visits.

Module 1

Body

5 States of Matter

Module 2

Mind

5 C's Meta-Model

Module 3

Spirit

5 Elements

Module 4

Inheritance

5 Generations

Module 5

Personal History

5 Levels of Penetration

Module 6

Epigenetics

5 Information Patterns

Module 7

Symptoms

5 Embryological Tissue Layers

Module 8

Terrains

5 Phases of Terrain

Module 9

Diagnosis

5 Pathology Types

Module 10

Treatment

5 Levels of Therapy

Module 11

Regulation

5 Levels of Regulation

Module 12

Prognosis

5 Stages of Prognosis

3 · Sales Support

You are never selling alone

Every partner is backed by an AI care team and a fulfillment engine that handle the follow-up, the reordering, the shipping, and the paperwork.

A portal for every client

A private, co-branded page with each client's protocol, Biofield Analysis, and a warm plain-language read of what their body is telling them.

An assistant in your name

An always-on "Ask Dr. Glen" style chat answers client questions between visits, so nobody drifts away waiting for your next opening.

A care ally that remembers

The AI builds a persistent picture of each client across every conversation, so guidance grows more personal instead of starting over.

Drop-ship fulfillment

Order a client's remedies and we pack and ship them directly. No inventory in your closet, no postage runs, no tied-up capital.

Public practitioner finder

Opt in to our map-based directory so new clients in your area can find and book you.

Pay It Forward

Let clients gift healing forward, a free trial, a bottle, a scan, and grow your practice through goodwill rather than discounting.

4 • Commission Structure

Dispensing is one stream. Referral is the second.

When you introduce someone to a remedy, a membership, or the practice itself, you earn recurring commission for as long as they stay, on two levels.

You
Partner

earn on both levels

Level 1 • Direct
Customers & Members

up to 20% recurring

Level 2 • Override
Practitioners You Mentor

5% of their sales

Paid only on real product sales, never for recruiting. The Level 2 override comes out of our margin, not your Level 1.
Capped at two levels.

Refer a remedy customer

Up to **20% of every order**, recurring for life including reorders. On a \$79.97 bottle that is about **\$16.00** back to you.

Refer a member

\$40 when they convert to the \$99/mo membership, plus **20% recurring** every month they stay.

Mentor a practitioner

A **5% override** on their referred product sales, so growing your circle grows your income, the fair way.

5 • Practice Tools

Four healing instruments, at half retail

Light, sound, and frequency tools developed alongside the formulations, the same devices Dr. Glen reaches for in his own clinical work. Your price drops to 50% of retail when you begin Accelerated Self Healing™ Certification.

Biocompatible Nightlight

Red-filtered LED that lets patients navigate at night without shutting off pineal melatonin. **\$24.99** · SRP \$49.97

Therapeutic Nightlight

Soft-laser nightlight that rejuvenates the face and eyes while patients sleep, red-only spectrum. **\$99.99** · SRP \$199.97

Harmony Soft Laser

Hand-held 650 nm red plus 808 nm NIR laser, tuned to the Cytochrome C frequency for mitochondrial activation. **\$499.99** · SRP \$999.97

Brain Frequency Helmet

Transcranial near-infrared photobiomodulation, selectable 11 / 43 / 172 Hz. **\$2,499.99** · SRP \$4,999.97

The full stack saves about \$3,125. All four tools retail at \$6,249.88 and come to \$3,124.96 at your certified 50% pricing, so the instruments that make your protocols land are within reach as you certify.

6 • Ordering & Logistics

The practical details

Shipping

USPS to US addresses, fulfilled in 1–2 business days and delivered in 3–5 days nationwide. International partners use a US forwarder we recommend on approval.

Payment

Zelle and Wise are accepted fee-free, and fee-free payments can earn wellness credit; card is also accepted. Terms are net on each order.

Support

Rae handles fulfillment personally and replies within 1–2 business days. Clinical questions are covered by reference materials and certification office hours.

Ready to become a partner?

Open your partner account, get your co-branded portal set up, and begin dispensing within days. Certify whenever you are ready and watch your cost fall module by module.
